Good morning all,

As requested, we will continue the cleanup operations on Pontius. Per our Sr Environmental Compliance Inspector, the wooden structure is in compliance with ADA requirements and under current covid guidelines and temporary suspension of comprehensive cleanups, we cannot remove the structure.

The following total metrics were reported for 8 scheduled operations at [2212-2399 Pontius Ave](#) from 9/9/2020 to 10/1/2020.

- ~4,900 pounds of trash removed
- 90

pounds of Hazardous Waste, identified, segregated and disposed of which

includes: (aerosols, ignitables/combustibles, paint waste)

- 90 pounds of Biohazardous Waste (human waste- feces / urine)
- 11 Sharps (hypodermic syringes, razor blades, knives) removed

I've

also attached some photos from several of the operations at the

location. Please let me know if any further information is needed.

Hi Kevin,

It seems like the residents would like to continue the cleanups around 2212-2399 Block of Pontius Ave and around the corner at Cotner and Tennessee. Regarding the structure question, I've asked a Senior ECI to report back.

Just an FYI.

Thank you!

Good afternoon Angel,

Can you please confirm that Sanitation will continue their twice weekly clean up on Pontius?

There is a large amount of miscellaneous trash located around the corner at Cotner and Tennessee as well.

This seems to be a site of constant littering/dumping.

Also, any update on the removal of the wooden structures?

There are items now on top of the structure.

The thing is a huge fire hazard.

Thank you,

**Adrian Maroney**

Good afternoon,

Angel, our block, 2212 to 2399 Pontius, continues to be a mess. We would like to request additional clean up of the area.

Seeing as we've had to do this multiple times already, can we have a scheduled clean-up on a weekly basis?

There are multiple people dwelling here and it seems as soon as the area gets cleaned up, the trash spews back the very same day.

There's numerous amounts of miscellaneous trash, needles, human waste...

It's dangerous, unsanitary and quite revolting.

Office Ballesteros, can you continue to have units monitoring the area on a regular basis?

Last time officers were out here (weeks ago), they found

drug paraphernalia.

Since then, more drug paraphernalia has made its way onto our street.

For the safety of everyone in the area, the street needs to be monitored closely and on a regular basis.

As always, thank you for your assistance.

Kindly,

**Adrian Maroney**
